SKILLS

HTML5, CSS3, JavaScript ES6, ReactJS, Bootstrap 4, Express, Git, SQL, Figma, Illustrator

PROJECTS

Penelope Park's AI Art Shop – *JavaScript, HTML, CSS*   GitHub | Link

- Portfolio and shop for an artist with a gallery of AI-generated assets.
- Custom JavaScript functions to create and populate the shop.
- CSS grid and flexbox used for shop gallery to keep it fully responsive.
- Features shopping cart that uses local storage to store user shopping data.

User Landing Page on Language Profile – *React, Chakra UI, Vite, NPM*   GitHub | Link

- Fully responsive landing page for a user profile for a language learning website.
- Fetched country data from REST API for basic stats and language information.
- Features dynamically created elements from a JSON file.
- Uses custom components.

EDUCATION

FreeCodeCamp – *Various Certificates*   **2022**

Completed certificate programs in Responsive Web Design, JavaScript Algorithms and Data Structures, Frontend Development Libraries, Database Visualization, and Legacy Responsive Web Design.

Athabasca University – *Credits toward BSC in Computing Systems*   **2020–2022**

Completed 30 credits in various relevant courses including Java, C++, and Graphic Design. GPA 3.5

EXPERIENCE

Bookkeeper and Inventory Manager   **2016–2021**

The Common & 99Ten, Edmonton.

- Streamlined inventory tracking and order generating using a system of spreadsheets.
- Managed every element of the front-of-house inventory for both businesses.
- Reconciled accounts and managed accounts payable to several vendors.
- Confirmed and deposited all incoming cash sales and debit transactions.
